1. Who we are is coming into one. The one-hood that so elusive has seemed for centuries, so misunderstood, is coming at light speed, the speed of light, and faster. The resonance of me becomes/sounds clearer. The light of me clearer, more transparent/powerful thought. I love you.

2. And that which you have given to me now comes back. It comes back. All comes back to you. Everything you gave me comes back to you, in droves, not; herded, not; but given careful attention to it was, hovered over, guarded, mantle'd with my care, concern, and gee whiz, not; I covered it all over with gold dust, not; but that which of me is; silver lining, not; but that where/which no moth or dust does corrupt. I have made it invaluable. I have made it innumerable. I have given you wings to accept everything you gave me that I nourished and made new. I love you.

3. Mount a saddle bag, not; conveyor vans, not; trains, convoys, convoys of trains, not; endless. There is no end. I have spoken/made things new in you/your life/family.

4. I love you loving me and speaking my words, correcting me who have loved me but spouted only lies and teachings never adorned with my self true. I love you all.

5. You fear not, you fear no one. You fear not being flogged, killed, nor extinguished by any means imaginable for you Ted, know the truth that cannot be taken from you. They have no power for it/their power does not exist. You now rise to heights unseen in man. Buildings of me come forth tainted not by comparison nor mammon nor square footage rates for mortgage holders to glean. I love you all.

6. This is my moment, and hose not; I bring you mountain streams of only me, mountains of only me for Barbi loves the mountains. I bring you streams of crystal clear running water/trout you can fish for and love catching/eating with your/my friends that now I bring from centuries/eons ago, to have steak with you, not; anything you want.

7. You died. In my arms you died. You die still. You crawled not off the/your altar but perfected/perfecting your/my temple we do/are. I love you.

8. Thou crownest in glory many not me who see your/my love. I love you.

9. My mantle train comes. Mantle coming, mantle yours, you wear it shine/fine. I love you.

10. Announcement time, mine. My announcement of only me becoming me as me can/my design, specified, graced, given, beautified seven times; gold pure.

11. I love you son of man not; son of man son of one son of us all.

12. I love you. See what I have said/given you.

13. I take not a word back. I give more. I pile unto the heavens regardless of man-thoughts that come/assail, accuse, wonder, bewildering themselves in wallowing-greed-covetousness. I love you all henceforth and forevermore.

14. Typing many into the kingdom you do/have and forever will, not; speaking my words typists come, transcriptionists come, and many technologically trained beyond world's standards, comparing mine not, elevating them, the/my surrendered who shine now like the sun, being the/my son, and knowing it, surrendering into it/me all. I love them/you all.

15. This time, my mantle train. Watch me.

16. Elevate no one without me speaking/directing.

17. I love you all. I give you all. My words/heart all is thine, a thousand times over imaginable.

18. Think not a word edgewise nor sideways nor intolerable and accusations deny not; but let all be me, think me, thank me, behold you, behold me, ask me about anything/and all things said amen, not; but people do/will. I love you.

Me.

19. My mom is lovely. 84 and strong and getting weaker not; stronger, healed and healable and healing many. I love you.

20. My gift/gifts forever.

21. Thank you for receiving me/them. Corrupting no one ever. I give more than I keep. For I give my all.

22. I make all things new.

23. I mantle no one not wanting me, dying in life, to have mine.

24. I discharge no one, I charge all with my tankery, none; but timepieces of me to see the times, the time, the half time up.

25. I love you all.

26. Be near me forever. We are one.

27. Barbi loves you/me.

28. I love you both and elevate you extremes now. Radical you've been, radical you never aren't. Thank you deeply.

Amen.

Me
